## INTRODUCTION

Gone are the days when one could clear the Civil Service Examination solely relying upon rote learning. The CS examination has been constantly evolving requiring a balanced approach of learning, temperament & practice to emerge successful. In a cycle of UPSC CSE, the first stage i.e. preliminary examination is often perceived as the most formidable hurdle. Essentially qualifying in nature; both GS Paper I and Paper II are objective in nature with each paper carrying 200 marks. However, it is the negative marking that creates a nemesis making the preliminary stage the most feared, misunderstood and seemingly tough. However, it is a well-known fact that with proper strategy & understanding even the toughest terrains can be conquered with ease.

With the objective of providing aspirants with the most comprehensive strategy & preparation methodology, ensuring success in the preliminary examination; Chanakya IAS Academy presents Chanakya Prelims Test Series. This ingeniously devised assessment system offers a comprehensive platform for holistic preparation, tailored to the unique demands of the UPSC CSE Preliminary Examination.

## OBJECTIVE

Apart from helping aspirants understand the demand & effectively prepare for the prelims examination, one of the most important objectives of CPTS, is to steer serious aspirants away from various narratives & opinions about the alleged toughness and changing pattern of the exam and help them channel their energies and precious time in the right direction.

CPTS-2024 is our sincere effort to instil discipline & confidence in aspirants, ultimately enabling them to enhance their performance and succeed in the preliminary examination and get closer to achieving their dreams.

## STRATEGY

Firmly rooted in the traditional ideology of 'practice makes a man (& woman) perfect', CPTS is a simulation exercise with the goal of equipping aspirants to confidently tackle unexpected questions with a calm & composed mind. Gradually advancing from subject-specific foundational tests to comprehensive full-length tests, CPTS has been carefully developed to emphasize the strengthening of fundamental, conceptual, and analytical clarity.

**CPTS-2024** encompasses a total of 36 tests which further comprises a well-structured mix of 16 GS Sectional Tests, 10 GS Full Length Tests and 10 CSAT tests.

- **Sectional Test**

These tests serve as the foundation, with each subject thoughtfully divided and thoroughly explored through 2 tests. This approach allows ample time for subject coverage and revision, as candidates are granted 2 weeks to prepare and review each subject thoroughly.

- **CSAT Test**

Each CSAT test is thoughtfully designed to encompass the entire CSAT syllabus, offering candidates a comprehensive assessment of their aptitude and skills.

- **Full length Test**

Each GS Full Length Test comprehensively addresses the entire GS syllabus, closely emulating the exact pattern of the UPSC Examination.

In sum, CPTS-2024 offers a diverse range of tests, strategically crafted to cover every aspect of the UPSC Preliminary Examination syllabus and prepare aspirants comprehensively for the challenges they will face on exam day.

### **Features of CPTS- 2024**

- **Comprehensive Coverage:** CPTS-2024 offers extensive coverage of the entire prelims syllabus for both General Studies (GS Paper I) and CSAT (Civil Services Aptitude Test/GS Paper II).
- **Structured Test Design:** Tests are meticulously crafted, featuring subject-wise tests and full-length tests for GS subjects. This structured approach reinforces the understanding of fundamental and advanced concepts.
- **List Reference Material:** The tests schedule includes list of recommended source and reference material, assisting aspirants in their preparation.
- **Diverse Question Types:** Questions are intelligently designed, encompassing a blend of basic static, analytical, contemporary, and current components.
- **Economic Survey & Budget Focus:** Specialized test is dedicated to the economic survey and budget, allowing candidates to concentrate on these critical areas.

- 
- 
- **Offline and Online Options:** CPTS-2024 is available in both offline and online modes, offering flexibility to candidates in choosing their preferred examination mode.
  - **Bilingual Accessibility:** The tests are accessible in both English and Hindi mediums, catering to a wide range of aspirants.
  - **Flexible Test Timing:** Aspirants have the flexibility to take tests at their convenience once they are made available on the scheduled days.
  - **Performance Analysis:** Detailed performance analysis, including All India Ranking, is provided to candidates, helping them gauge their progress and performance relative to others.
  - **Answer Key and Explanations:** Answer keys and comprehensive explanations for all questions are provided, aiding candidates in understanding the correct answers and the underlying concepts.
  - **Extended Learning through LMS/APP:** Additional online support includes value added materials like daily current affairs, weekly boosters, monthly Chanakya Civil Services Today magazine etc. extending the learning experience.

These features make CPTS-2024 a comprehensive and invaluable tool for aspirants preparing for the UPSC Preliminary Examination, offering a structured and well-rounded approach to their preparation.
